Joe Bell, owner-operator of Cabin Creek Timber Frames, Inc. traveled to Charlotte, NC as a part of the SMAT (State Medical Assistance Team ) to evaluate the health status of 500 persons who were brought to Charlotte after Hurricane Katrina. After spending the week there he was asked by SMAT to travel to Waveland Mississippi to be an anesthesiologist with the North Carolina mobile hospital unit there. The mobile hospital was approximately a hundred bed hospital with twelve ICU beds and two operating rooms. The mobile hospital was carried on two tractor trailer units along with necessary supplies. "Waveland was totally decimated up to a mile inland. The families there were most grateful for anything we could do to help. All of us were grateful that we could help."

In the above photo Dr. Bell is located below the "A" in the word TEAM.

**Cabin Creek Timber Frames has MOVED to our new location at 6624 Georgia Rd., Franklin, NC.**

We are located 6 miles North of the GA/NC border and six miles South of the town of Franklin on Highway 441, also know as the 'Georgia Rd.'

We encourage you to make an appointment to tour our new beamery and timber frame office complex. Our timber frames sales office is 1500 sq ft of 'post & plate' style timber framing. Our new beamery is comprised of a 6000 sq ft cutting facility where our timber framers do the majority of work and a 1500 sq ft machine shop where our radial arm saw, band saw, and specialty machine work is preformed.
