Bring **your** timber frame floor plans and get our input if you like.

We will have our new timber frame 10 foot by ten foot demonstration frame for you to see, we hope you will like the type of joinery we do here at *Cabin Creek Timber Frames*.

We will have our photo album of completed timber frame projects for you to browse through at you leisure.

We will attempt to answer any questions you may have about your timber frame project while you visit with us in Nashville.
